A description of the ride: Following lunch Thursday, we will ride Daniel Island. Daniel Island is a small community bordered by the Wando & Cooper Rivers. This is where the Family Circle Tennis Tournament went when it left Hilton Head. The ride is on quiet residential streets, bike paths, through areas of large, high end homes, parks and golf courses, with some river views thrown in for good measure. The total available ride will be about 15 miles, set up in such a way as to allow anyone who wishes, to stop at the 10 mile mark, as we pass the hotel. Friday's ride will start at 10AM at the communities of Ion and Olde Park. Directions to Ion will be given at the ride. This ride will be about 12 miles through the communities of Ion & Olde Park. Ion is an award winning traditional neighborhood that combines the best of European City Design with the Old South.
